ANNEJO PERRY WEDIN PAPERS, 1884-1992

Manuscript Collection W393

Archives of the Big Bend
Bryan Wildenthal Memorial Library
Sul Ross State University
Alpine, Texas
The AnneJo Perry Wedin Papers were donated to the Archives of the Big Bend by AnneJo Wedin over the decade of the 1980s. AnneJo Perry Wedin [1903-1993], a 1920 graduate of Roscoe [Texas] High School, came to Alpine, Texas in 1921 to attend Sul Ross State Normal College. The Papers include photographs and other memorabilia of these school days. In Alpine, AnneJo Perry met and married Frank Wedin, son of John O. and Brigeta Wedin, Swedish immigrants and early pioneers of the "Magnificent Marathon Basin" of which Mrs. Wedin was to write. Of note in the collection are letters and documents of the immigrant Wedins, some in Swedish, but including an account in English of John O. Wedin's early experiences in America in the late 1800s.

Frank Wedin's only sibling, Julius, died in the 1918 flu epidemic, along with his wife and infant. AnneJo Wedin, the daughter of H. M. Perry and Callie Starling Perry, had two brothers, Gerald Wallace Perry and Burtis Perry. Included in the papers is genealogical information on the Perry family as well as some turn-of-the-century school papers. The collection is rich in the stuff of everyday life, including recipes, needlework patterns, a set of Gone With the Wind paper dolls. Also in the collection are school papers and memorabilia of Frank and AnneJo Wedin's two children, Una May Wedin Narowitz, and John Hewette Wedin, who grew up in Marathon, Texas and attended Sul Ross College.

In Marathon, Frank and AnneJo Wedin owned the Wedin Service Shop, a garage, trucking, and electricity business, and the Wedin Water Company, an early private water system. AnneJo Wedin was a certified waterworks operator and author of a prizewinning waterworks scrapbook. In addition to the records of these two businesses, the collection includes records of the Wedins' ranching and drilling interests.

In 1924, AnneJo Wedin became a charter member of the Marathon Parent Teacher Association and a founder of the Marathon Study Club, a Federated Women's Club. Several projects of the Study Club are documented in the collection, including the Camp Pena Colorado Centennial and the history of Marathon, Magnificent Marathon Basin, of which AnneJo Wedin is primary author. Her correspondence with the families profiled in the book and with Victor Schoffelmayer of the Texas Geographic, Chester Kielman of the University of Texas Archives, and guayule rubber experts Charles T. Wilson and Leslie Beard, among others, is especially interesting.

AnneJo Wedin also was a tourism booster for the region, a founder and the first president of the Marathon Chamber of Commerce in 1964. The collection includes material on the Travel Writers' Tour of Big Bend, Lady Bird Johnson's visit in 1966, and county historical marker projects. The Wedins were active in the International Good Neighbor Council, attending several of its Texas-Mexican Holidays between 1967 and 1977, and in the International Highway 385 Association, traveling that route from Mexico to Canada for the Association convention in Regina, Canada in 1968.

The Papers of Annejo Perry Wedin reveal a woman with many historical and civic interests, capture a century of experiences of one family and one community in the Big Bend, and tell the inside story of taking a book to publication.
The AnneJo Perry Wedin Papers are arranged in acid-free folders in acid-free boxes and two oversize flat files as follows [See inventory for folder numbers]:

Photographs

Photographs were collected for use as illustrations for a history of Marathon over a period from 1964 to publication of The Magnificent Marathon Basin in 1989. Most are undated reproductions of older photographs, also undated, some of documents. Some photographs collected for the book are with the family histories listed above. Mounted photographs used at the Pena Colorado Centennial, which may have been considered for the book, are housed at folder 222. Photographs in Album boxes A through E are grouped by source. Some, but not all, were used as illustrations. In Album boxes F, G, and H are photographs used as illustrations in the book. Most are the copy prints sent to the printer with caption attached. In a few cases, the original was captioned and sent and/or is present. There are multiples of some; some illustrations in the book are not in the collection. Files relating to the preparation of the photographs for publication are housed in folders 466-472.

ALBUMS

Albums A through E contain photographs collected, some of which were not used as illustrations in the book. In these albums, photographs are grouped by source, but section titles indicate the families and places and events depicted in the photographs.

Albums F, G, and H contain most, but not all, photographs used as illustrations in the book. In these three albums, photographs are arranged sequentially, by photograph numbers assigned for the printer, indicating order of appearance in the book.
