Texas and Texans

From the Sentinel

Texas is the principal market for Texas and the 

State, with its vast agricultural resources, is a 

leading producer of a variety of crops. Tobacco, 

sugar beets, and cotton are the major crops, 

and the state is also noted for its production of 

tomatoes and watermelons. The state has a long 

history of agricultural development, and its 

agricultural products are in high demand in 

national and international markets.

New Beauty for the New Ford

The introduction of the new Ford bodies has set a high standard of motor car value. From the new deep radiator to the tip of the curving rear fender, there is an unbroken sweep of lines—a flowing grace of contour gaining added charm from the rich and attractive colors.

You will take a real pride in the smart, style and fresh beauty of the Ford just as you will find an ever-growing satisfaction in its safety, comfort, speed, acceleration, ease of control, reliability and economy. In appearance, as in mechanical construction, craftsmanship has been put into mass production.

New beauty has been added to outstanding performance.

A feature of unusual interest is the use of Rustless Steel for the radiator shell, head lamps, cold finish strips, hub caps, tail lamp and other exposed metal parts. This steel will not rust, corrode or tarnish and will retain its bright brilliance for the life of the car. Here, as in so many other important details, you see evidence of the enduring quality that has been built into the new Ford.

Another Step Forward

The new high quality of the new Ford is evident in the fresh, smart, stylish and fresh beauty of the car. From the new deep radiator to the tip of the curving rear fender, there is an unbroken sweep of lines—a flowing grace of contour gaining added charm from the rich and attractive colors. If you will take a real pride in the smart, style and fresh beauty of the Ford just as you will find an ever-growing satisfaction in its safety, comfort, speed, acceleration, ease of control, reliability and economy. In appearance, as in mechanical construction, craftsmanship has been put into mass production. New beauty has been added to outstanding performance.

Fye in WINTER as in SUMMER

KITCHEN HEAT DESTROYS
THE FRESHNESS OF FOODS

Bacterial deterioration of foods goes on as winter in as suumer. The development is less rapid and may not be easily detected, but unless foods have the protective preservation of proper refrigeration, one may be sure that bacterial growth—often very dangerous to health—is present. Windowboxes and cellar or back-ditch shelters no protection—for preservation calls for everuly maintained low temperature. Give your family the benefit of clean, pure crystal-clear CENTRAL POWER AND LIGHT COMPANY ICE this winter. Make your Uphostery be preserved and its life prolonged at least one hundred ninety seven and 60-100 Cents, and be sure you purchase it by the Court of Civil appeals of the State of Texas. Did on the 29th day of January, 1925.

At 4 p.m. a reception will be held at 300 Liberty Hall, Liberty, Texas. This will be followed by a dance at Liberty Hall, Liberty, Texas. On March 4, the last day, a big proclamation will be issued in all glad words of tongue or pen, and will be followed by a dance at Liberty Hall, Liberty, Texas. A proclamation will be issued as soon as possible. We believe that the State of Texas should make the traffic in gold, as in silver, and that the people of Texas should enjoy the results of their gold mining in the field of gold mining. The gold mining in the field of gold mining is the field of gold mining, and the people of Texas should enjoy the results of their gold mining in the field of gold mining.

The New CHEVROLET-SIX

Lisa Plan's for Marfa, Texas

On March 4, the last day, a proclamation will be issued as soon as possible. We believe that the State of Texas should make the traffic in gold, as in silver, and that the people of Texas should enjoy the results of their gold mining in the field of gold mining. The gold mining in the field of gold mining is the field of gold mining, and the people of Texas should enjoy the results of their gold mining in the field of gold mining.

50 horsepower six-cylinder engine

Not until you drive the new Chevrolet Six can you appreciate what a wonderful improvement has been made in its famous six-cylinder six-cylinder engine. With its capacity increased to 50,000 cubic inches, it has great reserve energy for sweeping up the steepest hills—for swift acceleration—and for the mounted high speeds. Its power flows smoothly and easily. And it is extremely flexible in traffic. In fact, due to the workmanship you could possibly want a motor to do. Yet it is remarkably economical in its use of gasoline and oil. Come in today for a demonstration.
A TRIP TO THE PARADISE

By Flomos

Tahiti

We take the train from Martin, and are soon on our way to the beautiful Tahiti. The islands are situated in the Pacific Ocean, near the equator, and are one of the most attractive spots in the entire world. The capital is Papeete, which is a charming city, with beautiful gardens and parks.

At Papeete we are met by the Governor, who presents us with a beautiful bouquet of flowers. We are then taken on a tour of the city, and permitted to visit some of the finest houses and gardens in the place. The Governor's residence is a magnificent building, with a large palm grove and a beautiful fountain in the center of the grounds.

On the next morning we take a boat trip to the islands of Huahine and Raiatea. These islands are known for their beautiful beaches and crystal-clear waters. We spend the day swimming and sunbathing, and enjoy a delicious lunch on the beach.

The Governor's residence is a magnificent building, with a large palm grove and a beautiful fountain in the center of the grounds.

Another day we are invited to visit the home of the Governor, where we are treated to a sumptuous dinner. The food is delicious, and the company is excellent.

In the evening we are entertained by a Hawaiian dance group, who perform a variety of traditional dances and songs. The performance is spectacular, and we are all left with a lasting impression of the beauty and richness of Hawaiian culture.

Post Prattle

At the announcement of the immigration of C. V. and Mrs. W. C. Martin from the west coast, the Post Prattle has been called into action. It is with pleasure that the Post Prattle is able to announce the arrival of this important addition to our community. The Martin family has a long history of service and dedication to our country, and we are honored to welcome them to our community.

The Basketball court Saturday night was the scene of two hard fought close games of the scheduled double-header. The Gun Basketeers scored a victory over the F Troop and Zellar. Unfortunately for them, the F Troop has turned the tables and that is accumulating bad habits. The Park Train doesn't seem to... We have two slip-horn players of the 1st Cavalry, and the regular buglers met Gonerio and "Daddy" Tingle in the Islands.

The Commissary however was left in good hands. Between Mr. Keating and "Timmie" Fowle, the Mess sergeants should have no reason to worry. Should they swallow the slide when they leave in good order?"

The regular buglers met Gonerio and "Daddy" Tingle in the Islands. Between Mr. Keating and "Timmie" Fowle, the Mess sergeants should have no reason to worry.

Mr. Harry O. Clark, and Mrs. Andesi Martinez is waiting for his discharge. Mrs. Andesi is running around the city for some months. The table in the Club was the loveliest and peppiest for some months. The table in the Club was the loveliest and peppiest.

Mess sergeants should have no reason to worry. Should they swallow the slide when they leave in good order?

Sherlock Whitt has a real nose for business. He has been trained to find the proper person for any job. B. M. Keating, has introduced a new boy who is just the right man for the job. He doesn't get in until 9:30 p.m. any night. The whole mess stays up to strength in men, and if they do good work before pleasure is the motto. H. M. Keating has purchased 24 to 30 stick. Keep coming Harold. We have a lovely card room. They challenge anyone in the Post to Penochle, a wonderful game. It is waiting for his discharge.

There was a special men's dance at the Central Hotel Sunday, the first after Christmas.

That is the host of the Red Cross. Mrs. Smiley, Capt. Frank B. Smith, and Mrs. Ardor Noble, Miss Amelia Conrad, Miss E. W. Wilson, Capt. and Mrs. Stephenson, and Capt. and Mrs. Stephenson, and Capt. and Mrs. Stephenson.

On Sunday, January 25th, Captains and Mrs. Stephenson, and Capt. and Mrs. Stephenson, and Capt. and Mrs. Stephenson.
